Important items to make sure are in your EAP:

- ☒ Emergency personnel
- ☒ Emergency communication
- ☒ Emergency equipment
- ☒ Venue directions
- ☒ Role of first responders
- ☒ Emergency care facilities

Identifying gaps in your EAP:

- Do you have a written plan?
- Do you have all core components of an EAP included?
- Have you discussed EAP with all involved parties to assure the plan is operational?
- Will you continue to review and update your EAP annually or as required?

Approaching your supervisor and advocating for changes to your EAP:

- Discuss the importance of pre-event planning
- Emphasize that it protects student-athletes, spectators, employees, and the employer
